# Ancient FUTURE

## *Ancient Future in World Chamber Music Concert*

*"If the members of the United Nations formed a world-fusion band, it might look and sound a little something like Ancient Future. A diverse, unified world without borders, a multicultural community, a new, reconstituted sonic reality." — LEO WEEKLY, Louisville, Kentucky*

The pioneering world fusion music group Ancient Future will perform a concert of contemporary world chamber music. The program features compositions by world music for guitar pioneer Matthew Montfort, pianist and santurist Mariah Parker, and prominent contemporary classical composers such as Lou Harrison, father of the American gamelan movement. Lou Harrison served on Ancient Future leader Matthew Montfort's M.A. degree committee and called Montfort's book, *Ancient Traditions - Future Possibilities: Rhythmic Training Through the Traditions of Africa, Bali, and India*, "a very useful contribution to musical scholarship."
